

Fort Smith Boys & Girls Clubs College Scholarship Program

FREQUENTLY ASKED QUESTIONS:

1. How much are the FSBGC College Scholarships worth?

\$500 to \$2,500 per college year. A “college” year is Fall one year, and Spring the following year.

2. What are the academic requirements:

GPA above 2.5 and 12 credit hours or more per semester

3. Are FSBGC scholarships renewable?

Yes, up to 4 years – recipients must apply each year

4. Do you have to interview each year?

No, only once – during your initial year of application

5. What does the selection committee look for?

Financial need, Club involvement, and academic achievement

6. How do I get the money?

Money is sent directly to the school's registrar office at 50% each semester. Students must supply a transcript that shows: (a) grades from the previous completed semester with cumulative GPA {and ACT scores for high school applicants}, and (b) schedule for upcoming semester with credit hours taking.

7. Do you provide scholarships for graduate school (Masters Degree or higher)?

No

8. What happens if I'm granted an award but transfer schools?

It's okay, but you must let the FSBGC Administration office know your new school, and you must be sure to supply the schedule you will have at the new school (as noted in #6 above)

9. How do I apply for the next year?

There are three methods of getting an application: (a) available at all FSBGC units or the Administration office; (b) current recipients will receive a new application (if they were not graduating) via mail at the last address given; and (c) the application will be available on our website beginning the second week of January each year.

10. What are the eligibility requirements?

- (a) must complete an application
- (b) must be a member or volunteer for a minimum of two years at the FSBGC
- (c) if you are 18 years old or younger, you *must* have a current FSBGC membership
- (d) must rank in the top 60% of your high school graduating class
- (e) must maintain a 2.5 GPA, and carry a minimum of 12 credit hours each semester
- (f) must submit family income statements of all working members of your family (including yourself) {W2s, 1099s, K1s, etc. and first page [summary page] of last annual tax form from each}

11. What happens if a student falls below the 2.5 GPA level or completes a semester with less than 12 credit hours?

- (a) students who fall below standard requirements are usually given a one-time probationary semester, which is based on approval by the Scholarship Committee
- (b) students falling below standard requirements for more than one semester (consecutive or not) will be dropped from the program, and are not eligible for renewal at any time
